### **It'll Never Be Like This Again ...**

**Life changes in a blink of an eye. Nothing ever stays the same. Meaning, we all change with the times. This year has been very successful, everyone has had so many opportunities. Each and every student has made the most of a once in a lifetime opportunity ...**

During the year, the Hinds Football Team has led the school to a victorious year in football. Students put forth an overwhelming effort to do the best in whatever they set their sights on. The administrative staff started the year off with new and exciting ways of teaching. With all these changes on the campus it makes you realize. It'll Never Be Like This Again ...

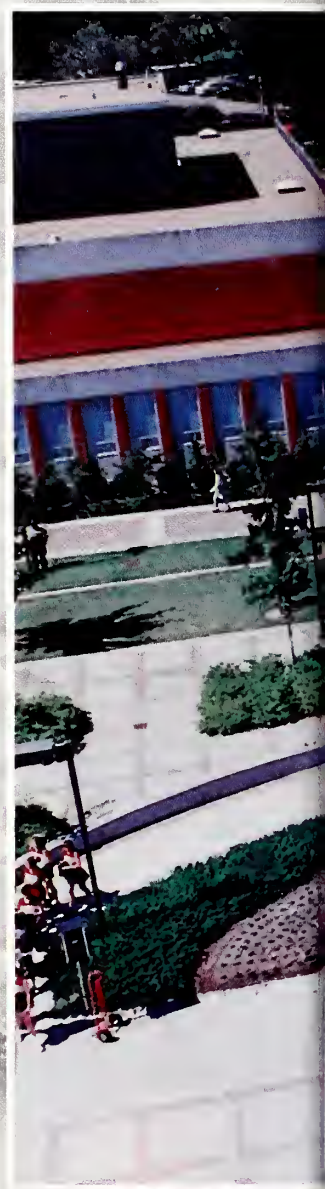

If students weren't occupied enough by studies, they had plenty of chances to get involved on the campus. Students had a variety of organizations to be involved in. Such as, Hinds Connection, Circle K, and BSU. If that's not enough there were pep rallies, homecoming activities, and a Halloween carnival in October. Along with many other activities. Students could be entertained by the band, choir, or various plays.

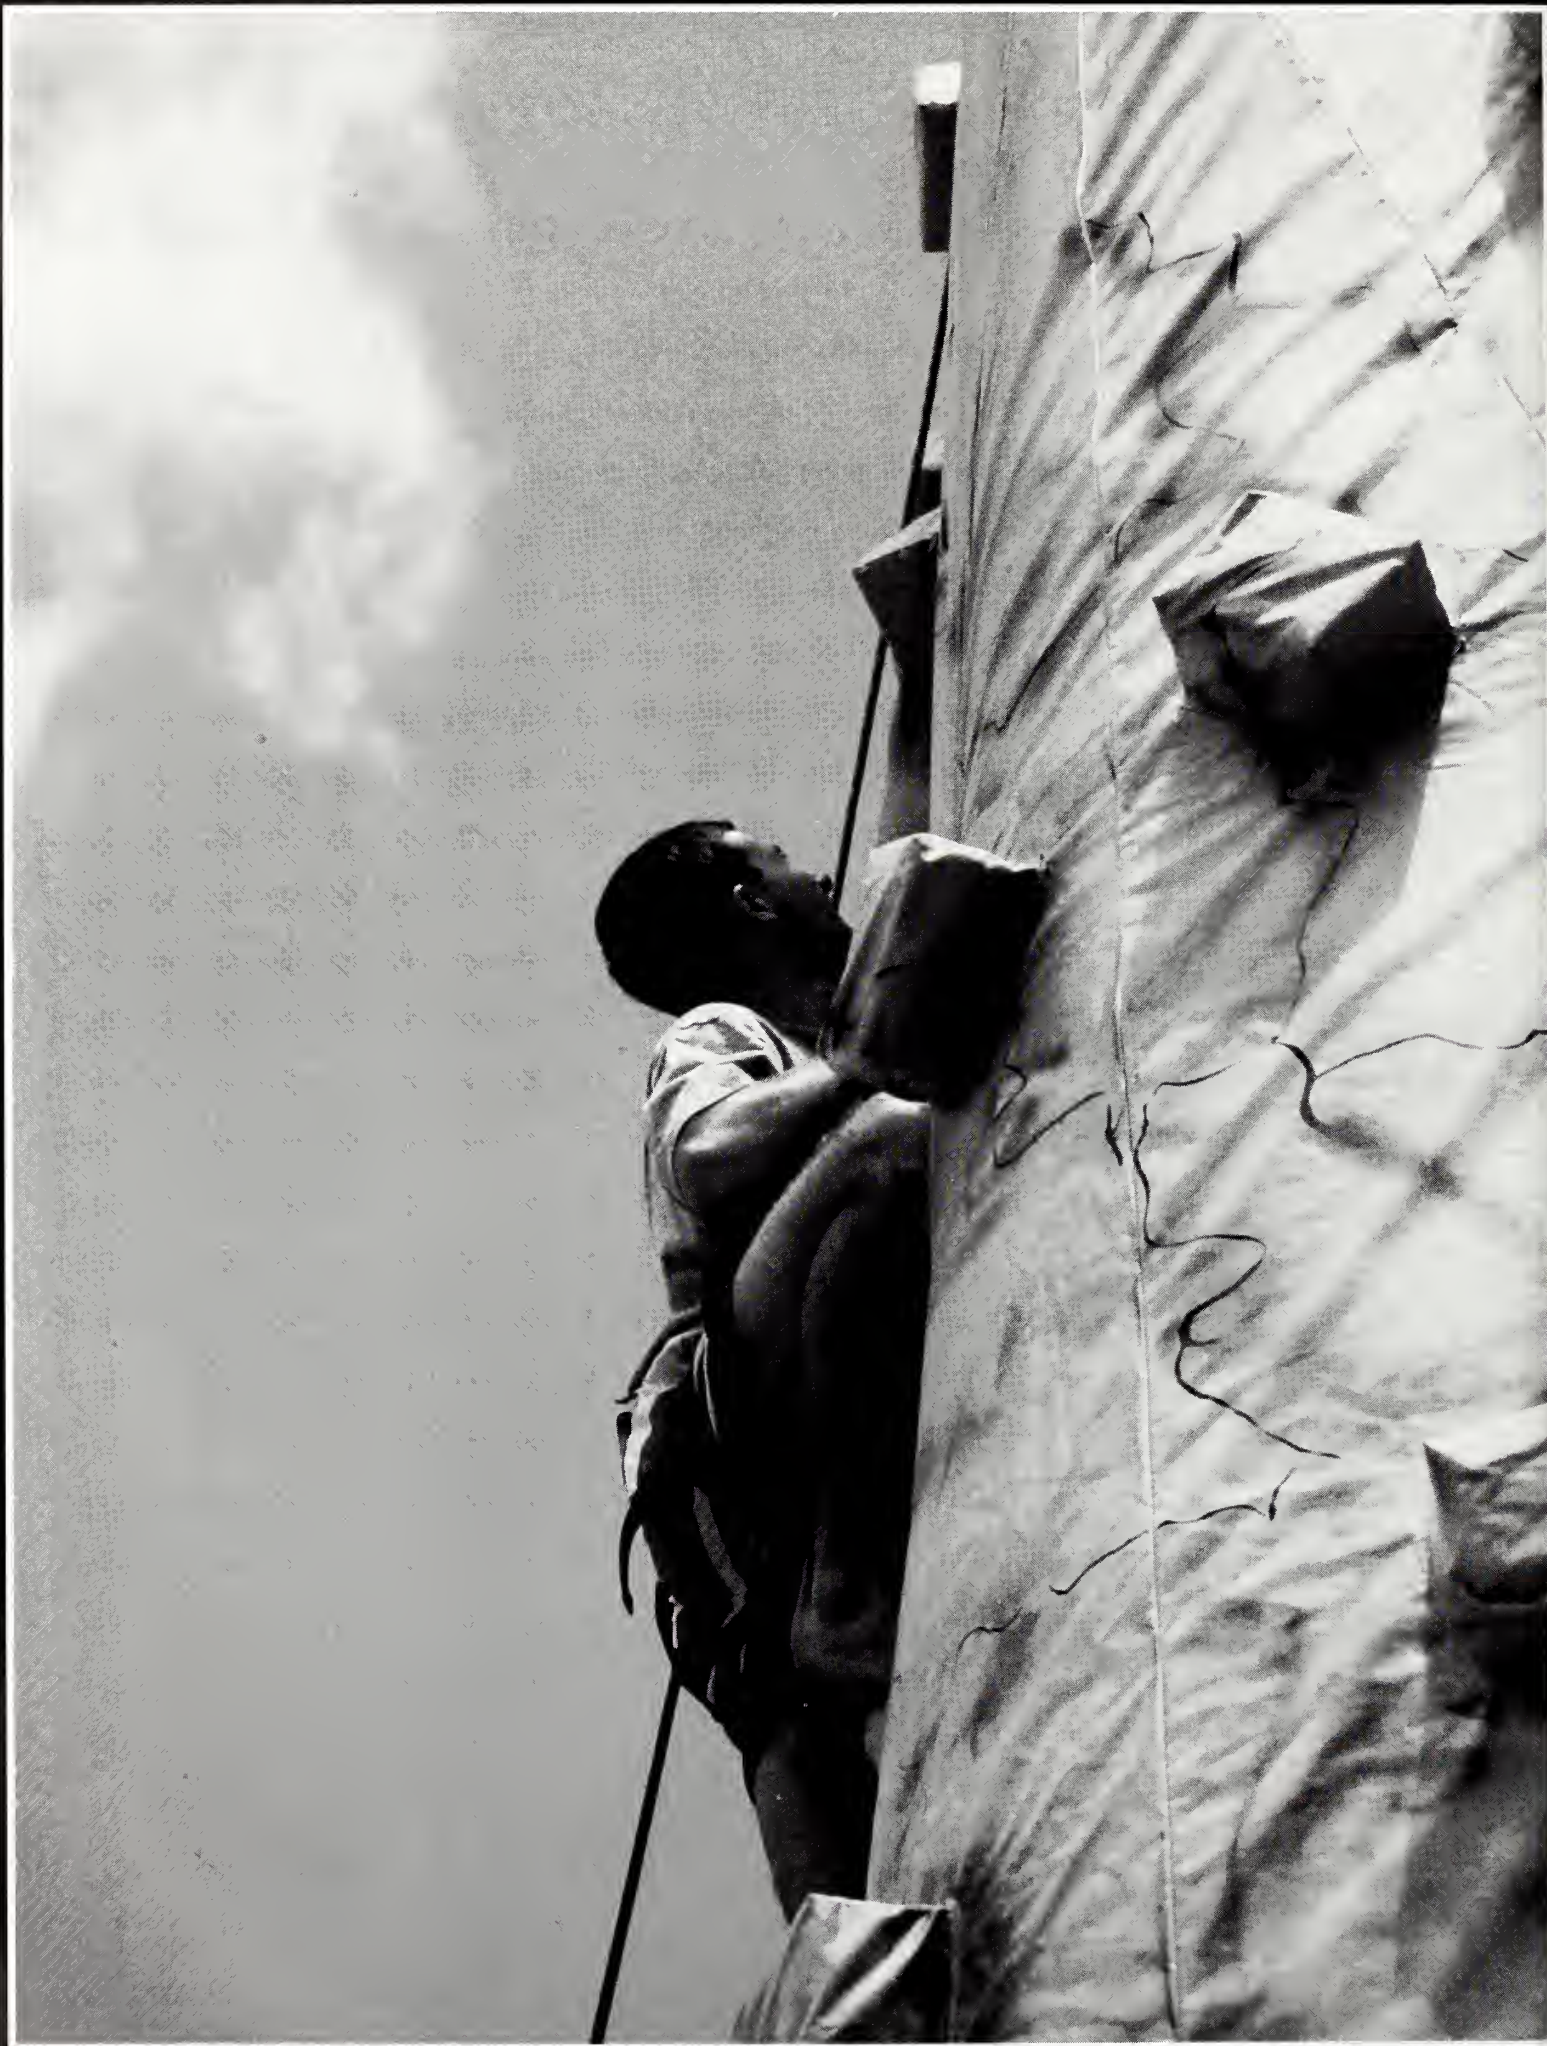

The experiences you received at Hinds Community College can best be described as "It'll Never Be Like This Again". Throughout this annual you will see the transformations students will go through and how they will change throughout the course of the year.

# The Year in Review

Britain and the world bid farewell to Diana, Princess of Wales, on a sparkling September morning with a grand tribute rich in pageantry. Since her death in a car crash in Paris a week before, the country had witnessed an astonishing outpouring of grief that forced a repentant monarchy to join in the kind of full celebration of Diana's life that the millions of people who flooded into London demanded. Her sons, William, 15, and Harry, 12, stood in attendance, joined by their father, Prince Charles and her brother, Earl Spencer, as her body was taken into Westminster Abbey. Millions packed the city for the funeral of Diana. It was a crowd unmatched since the end of World War II. More than a million bouquets by official count were stacked outside the royal palaces.

Garth Brooks' entrance into the world of country music wasn't as easy as it looked. After graduating from Oklahoma State University with a degree in advertising, he headed for Nashville to follow in the footsteps of his musical hero, George Strait. His first efforts met with total failure. About two years later, he took another shot at it, appearing in an amateur talent showcase as a last-minute replacement. That was about 10 years ago. His recent concert in Central Park in New York City attracted hundreds of thousands of fans.

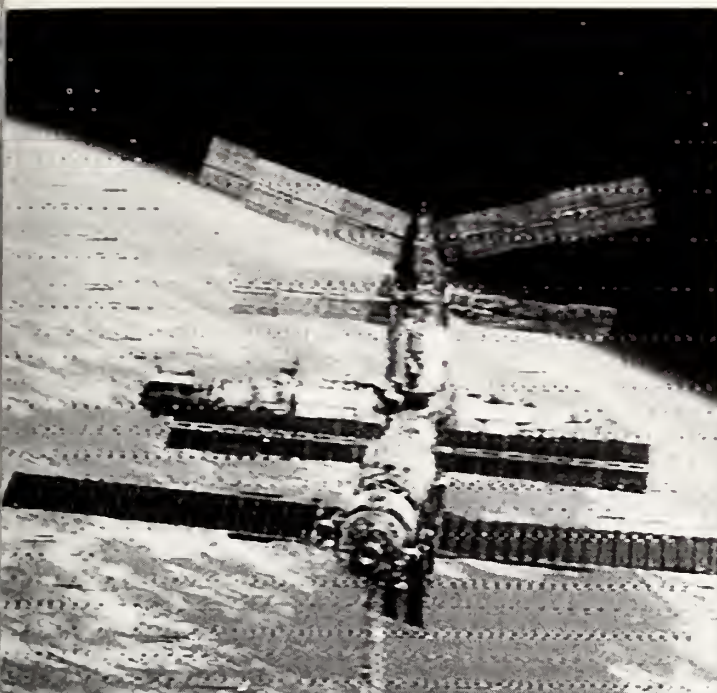

John Denver, whose optimistic songs catapulted him to fame during the 1970s, died instantly when his experimental plane crashed into Monterey Bay in California on October 12, 1997. The 53-year old singer had eight platinum records to his credit when his homebuilt plane crashed. "Rocky Mountain High" and "Sunshine on My Shoulders" were two of his trademark songs. "His music sprang from his feelings of love," said Hal Than, his longtime manager.

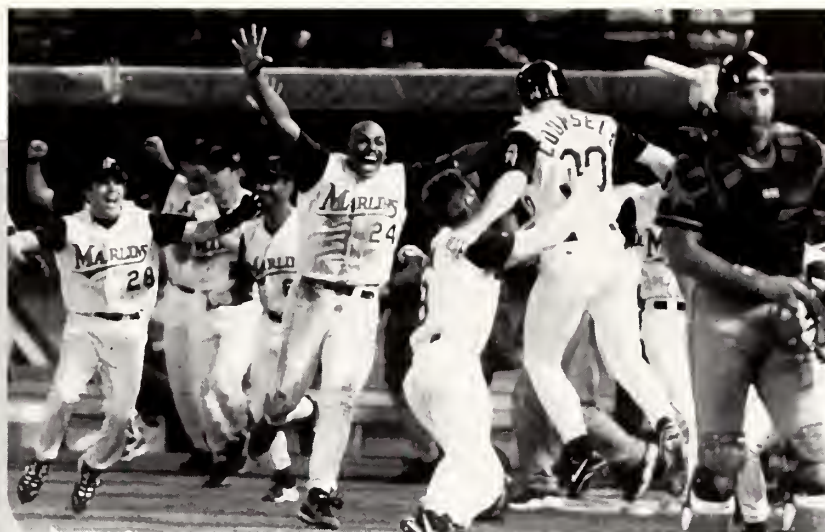

In one of the most competitive games in Super Bowl history, John Elway and Terrell Davis led the Denver Broncos to a 31-24 upset of the Green Bay Packers in Super Bowl XXXII. The Broncos' first National Football League championship ended the American conference's 13-year losing streak in the Super Bowl.

The first component of the Mir space station was launched in 1986. And except for two brief gaps, the space station has been manned continuously ever since. It has made more than 60,000 trips around Earth. In 1994 the U.S. and Russia agreed to conduct joint missions aboard the station. A docking module was attached to Mir, allowing American space shuttles to link up with the Russian station. The main Mir module — which provides living quarters for up to six people — has been orbiting for nearly 12 years, which is seven years longer than planned. These joint U.S.-Russian missions are the first phase of a program to build an International Space Station. This station is scheduled to be in orbit by the year 2002.

The Florida Marlins became major league baseball's world champions in 1997, beating the Cleveland Indians in the world Series. Just five years old, the Marlins tied the Indians in the ninth inning of the seventh game and went on to win it all in the eleventh inning with a score of 3-2. The Indians last won the Series in 1948.

The 11,000 residents of the Caribbean island of Montserrat witnessed first hand the devastation that a very active volcano can cause. The volcano belched ash and small rocks over several days in September and forced more than two-thirds of the population to evacuate the island. A shortage of housing was one of the biggest problems, especially for those evacuating the central communities of the island. The volcano on the British protectorate island became active about two years ago, and the latest eruptions caused most of the population to flee to Britain or other Caribbean islands.

President Bill Clinton was the first Democratic president in 60 years to be elected to a second term. A centrist New Democrat, he transformed his once beleaguered party. Under his presidency, the United States enjoyed the lowest rate of inflation since the early 1960s, and he was the first president in 17 years to submit a balanced budget to Congress. His vice president, Al Gore, was considered a very powerful vice president and was the president's closest adviser. The 49-year-old Gore was considered a favorite for the Democratic presidential nomination in year 2000. However, a year after their re-election, both men were under close scrutiny for campaign finance violations.

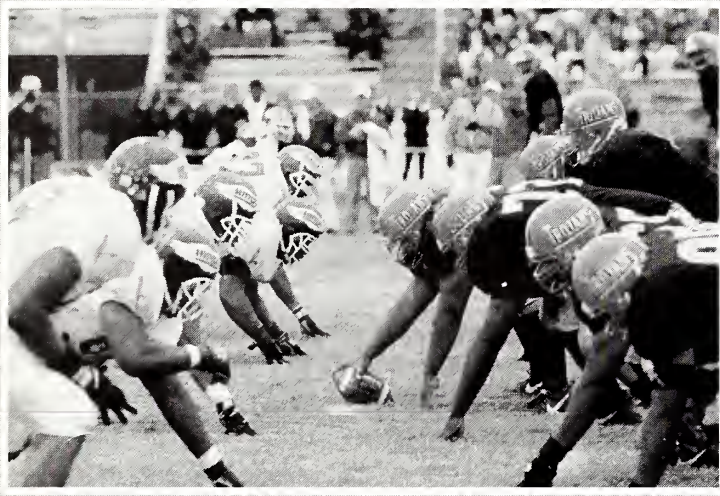

Mother Teresa was among the most well-known and highly respected women in the world in the later half of the twentieth century. In 1948 she founded a religious order of Roman Catholic nuns in Calcutta, India, called the Missionaries of Charity. Through this order, she dedicated her life to helping the poor, the sick and the dying around the world, particularly those in India. Her selfless work with the needy brought her much acclaim and many awards, including the Nobel Peace Prize in 1979. She died at the age of 87 on September 5, 1997 of heart failure at her convent in Calcutta.

## President Dr. Clyde Muse

Under the leadership of Dr. Clyde Muse, who became president of Hinds Community College in 1978, Hinds has grown into one of the state's largest educational institutions with over 14,000 students and six locations.

Dr. Muse has his own educational roots deep in the Mississippi community college system as a graduate of East Central Community College.

His progress, traced through further degrees from Delta State University and Mississippi State University, and his years as an educator and administrator in the state's public schools, to his being named Hinds president, can be seen as an inspiration to all community college students.

Not only is Muse an example of what young people of today can hope to achieve but he understands their educational needs and their aspirations.

Muse's presidency entails not only the day to day administrative duties pertaining to the College, but he also acts as a liaison with the state legislature and the Hinds Board of Trustees on behalf of the College. In addition, he and his wife Vashti enjoy another aspect of the job, which is to serve as official hosts for the College. This entails sponsoring a number of functions which bring the College in closer contact with the community, and lends their presence and support to student activities.

Muse, a leader in many professional and civic organizations, has received many honors for his activities and achievements. These include being named the 1993 Alumnus of the Year for the Mississippi State University School of Education and being the 1993 3-E Award winner at Hinds. He was also named an East Central Community College's Alumnus of the Year, and received a Mississippi Association of School Administrators' Golden Lamp Award as well.

Additionally, Dr. Muse received the 1994 National Association of Developmental Educators (NADE) award for Outstanding Support to Developmental Education by a College Administrator/Public Servant.

Though the presidency of Hinds is a 24-hour-a-day job, Muse finds relaxation in doing some of his favorite things in his "off" hours which include jogging, golf, gardening, and spending time with his family. He and Vashti have three children and seven grandchildren.

**Dr. and Mrs. Clyde Muse were special guest who rode in the Brunswick, Georgia Christmas Parade while attending the Golden Isles Bowl game.**

**Dr. Muse and grandson Jeremy Cole welcome guests to the annual Christmas Reception at Eagle Ridge Conference Center.**

**Dr. Muse enjoys one of the home games with the Hinds Eagles.**

**During Homecoming ceremonies Dr. Muse crowns Yolanda Jones 1997 Homecoming Queen.**

The Hinds Community College Hi-Steppers is famous for being the third oldest dance team in the nation. They have performed for such events as the Canadian National Exhibition in Toronto, the Miss America Parade, and the World's Fair in New York, New Orleans, and Toronto. They have also performed annually at the Neshoba County Fair and have performed at the New Orleans Mardi Gras for over 25 years. The Hi-Steppers also make appearances at local nursing homes, veteran's homes, parades, and numerous civic and state convention programs. Under the guidance of Mrs. Anna Bee, the originator of the Hi-Steppers, there is much honor and success with each performance. Hard work and endurance is put forth by all members year round. Try-outs are held each spring for the upcoming year.

# Fire Destroys Cain Hall

On March 7th, 1998, tragedy struck the Raymond Campus of Hinds when Cain Hall was totally destroyed by fire. The building which was constructed in 1926 was listed on the National Register of Historic Places and was one of the two oldest structures on campus.

Cain Hall was home to English Department and housed a 800 seat auditorium that was used for many campus activities. The building, originally known as Main Auditorium, had been the setting of thousands of events from beauty pageants and concerts to graduations of not only college students but high schools in the area used the building also.

Several of the English Department faculty have had their offices in Cain for well over 30 years. As Dr. Nell Ann Pickett, a member of the English Department faculty, stood by and watched as her office went up in flames she commented, "Thank goodness this did not happen two and a half days ago when there were thousands of students taking English classes. Nobody was hurt to my understanding. We've lost a lot of things in this fire but they are just material things"

# Closing

# Editor's Closing

During our visit to Taylor Publishing in Dallas, Texas, the annual staff chose the 1998 theme, *It'll Never Be Like This Again*, in order to signify the uniqueness of the school year and each and every person at Hinds Community College.

Without the help of some very important people this annual would not have been possible. Brian, Cary, Joe, and Jason. You will never know how much your willingness to work meant to me. Who could ever forget Mr. Bob Hodges whose patience with me

during the past year has helped keep me from driving everyone totally insane. Thank You.

With the title Editor goes much responsibility. These challenges and experiences will help me throughout my life, and the memories of this year will always stay with me. Even though this is not an easy task I feel very honored to be Editor of this yearbook, knowing I was editing the history of Hinds Community College capturing the memories of 1998, I will always treasure the time spent working on it.

*It'll Never Be Like This Again...*
